

Pam Walker— Creator of the 2022 Tour Poster Art

We'd like to thank artist Pam Walker for donating the pastel drawing *A Sense of Spring* featured on this year's tour poster. You will be able to meet Pam and see current works of art for sale in her tent in Garden #5.

Pam's award-winning artwork has shown and sold in both national and international juried exhibitions. Her most treasured win has been a first place in The Pastel Journal's "Pastel 100" competition in 2019.

She began her career as a wildlife and landscape photographer. Her work has been featured in National Geographic and Getty Images. After being diagnosed with a debilitating condition in 2011 and no longer able to travel widely, Pam decided it was time to learn to create art. She has taken classical drawing classes through Sadie Valeri Atelier and participated in painting workshops with widely recognized artists.

Pam is a proud member of Pastel Artists of America, Pastel Society of the West Coast and American Women Artists.
