

WGC 2024 Tomato Varieties

Celebrity Determinate, 70 days

All America Selections winner! All-purpose variety with superb flavor, disease resistance and heavy yield. Crack-resistant fruits average 7 oz.

Early Girl Indeterminate, 59 days

This variety starts bearing fruit earlier and produces for longer than other medium-sized tomatoes. Always a reliable variety for early season fruit with good flavor.

Fourth of July Indeterminate, 49 days

Celebrate the Fourth of July with a plentiful harvest of vine-ripened red, luscious tomatoes. While you may not have tomatoes by the 4th of July, plants will produce plentiful 4 oz. tomatoes early and all season long, the perfect salad tomato.

Cosmonaut Volkov Determinate, 72 days

Plants set generously sized, 2–3 inch, slightly squat, deep orange/red fruit with green-tinged shoulders, and bright red interiors with rich, deep, balanced sweet and tangy flavor.. A taste sensation that only an heirloom can offer. Territorial Seed Company's Great Northwest Tomato Taste-Off winner.

Super Sweet 100, Indeterminate, 65 – 75 days

Very disease resistant plants produce 1–1 ½ inch fruit in grape-like clusters with exceptionally sweet taste. Prolific yielder that sets clusters with 20 - 30 deep red fruits. Easy to grow; good shelf life. Early maturity.

Sungold, Indeterminate, 65 days

Beautiful cherry tomato that ripens to a golden orange. The Sun Gold Cherry is possibly the sweetest cherry tomato around. Plants bear lots of fruit and ripen early, continuing to produce throughout the season. A single large plant has produced over 1,000 tomatoes! A perennial favorite!

Sweet Tangerine, Determinate, 68 days

This tomato features clean, bushy, plants that are quite disease resistant and set very heavy crops. Fruits are a beautiful dark orange color with a sweet complex flavor, low in acid. One of our most popular varieties.
